Material Safety Data Sheet

Product Name: CellCor™ T

1. Identification of Substance/mixture and of the company/undertaking

1) Identification of the substance or mixture

Catalog No. YSP027

Product name CellCor™ T

2) Relevant identified uses of the substance or mixture and uses advised against

Identified uses This product is research use only

3) Details of the supplier of the safety data sheet

Company Xcell Therapeutics Inc.

#309 #314 #315 #316, 13 Heungdeok 1-ro, Giheung-gu, Yongin-si,

Gyeonggi-do, Republic of Korea 16954

Tel: +82-(0)31-214-1088
Fax: +82-(0)31-660-7058
Mail: gmp@xcell.co.kr
Website: http://xcell.media

2. Hazards Identification

1) GHS – Classification

- **Health hazards:** Not Hazardous
- **Physical hazards:** Not Hazardous
- **Environmental hazards:** Not Hazardous

2) Label elements including precautionary statement

- Signal Word: None
- Hazard pictograms: None
- Hazard pictograms names: None
- Hazard-Risk Statement: Not Applicable
- Precautionary Statements
  - Prevention: Not Applicable
  - Response: Not Applicable
  - Storage: Not Applicable
  - Disposal: Not Applicable

3) Other Hazard Risk which are not included in the classification criteria: Not Applicable

3. Composition/Information on Ingredients

1) **Principal Components:** Water (CAS number: 7732-18-5)

2) **Composition:** The subject formulation is a nutrient blend of amino acids, vitamins, organic and inorganic supplements and salts. With the exception of purified water, all ingredients are in concentrations of less than 5%. The concentrations of components of this formulation are considered a trade secret.

4. First aid measures

1) **Description of first aid measures**

Inhalation	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.
Ingestion	Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as collar, tie, belt or waistband.
Eye Contact	Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least minutes. Get medical attention. Repeated or prolonged exposure is not known to aggravate medical condition.
Skin Contact	Wash thoroughly with soap and water.

2) **Most important symptoms and effects, both acute and delayed:** We have no description of any toxic symptoms.

3) **Indication of any immediate medical attention and special treatment needed:** No information available

5. Fire-Fighting measures

1) **Suitable extinguishing media:** Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

2) **Special protective equipment:** Wear self-contained breathing apparatus for fire-fighting if necessary.

3) **Abnormal firing:** Hazardous decomposition products formed under fire conditions. - Carbon oxides, nitrogen oxides (NOx), Oxides of phosphorus, Hydrogen fluoride

4) **General harmful danger:** None

6. Accidental release measures

1) **Personal Precautions:** Avoid dust formation. Avoid breathing vapors, mist or gas.

2) **Small Spill and Leak:** Use appropriate tools to put the spilled solid in a convenient waste disposal container.

3) **Large Spill and Leak:** Use a shovel to put the material into a convenient waste disposal container.

7. Handling and storage

1) **Precautions for Handling:** Provide appropriate exhaust ventilation at places where dust is formed.

2) **Storage:** Keep container tightly closed in a dry and well-ventilated place. Recommended storage temperature: 2-8 °C. Store with desiccant.

8. Exposure controls & personal protection

1) **Engineering Measures:** Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume, or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

2) **Hygiene Measures:** General industrial hygiene practice. Wash hands after handling compounds and before Eating, smoking, using lavatory, and at the end of day.

3) **Occupational Exposure Limit:** Not Available

4) **Personal Protective Equipment**

- Skin & Body: Choose body protection in relation to its type, to the concentration and number of dangerous substances, and to the specific work-place., The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

- Eyes: Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

- Respiratory organs: Respiratory protection is not required. Where protection from nuisance levels of dusts is desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

9. Physical and chemical properties

1) **Appearance:** Clear and no turbid, Light yellow to light green color
2) **Upper/lower flammability or Explosive limits:** Not available
3) **Odour:** Typical
4) **Vapor Density/Pressure:** Not available
5) **pH:** 7.3 ± 0.3
6) **Relative density:** Not available
7) **Freezing point:** Not available
8) **Solubility:** Soluble in water
9) **Boiling point:** Not available
10) **Flash point:** Not available
11) **Evaporation rate:** Not available
12) **Flammability:** Not flammable
13) **Viscosity:** Not available

10. Stability and reactivity

1) **Reactivity:** Not available
2) **Chemical stability:** Stable under recommended storage and usage conditions
3) **Possible hazardous reactions:** Not available
4) **Conditions to be avoided**
   - Strong radiation can destroy biological activity
   - Detergent can destroy biological activity
   - Temperature above 50 degrees can destroy biological activity
5) **Hazardous Combustion:** Toxic fumes of Carbon Monoxide (CO) and Carbon Dioxide (CO_2)
6) **Decomposition Products:** Nitrogen Oxides (NO, NO_2), Sulfur oxides (SO, SO_2)

11. Toxicological information

1) **Carcinogenicity**
   - IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by IARC.
   - ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

- NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
- OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

2) **Acute toxicity:** Not irritant on respiratory system and mucosa at high concentration
3) **Specific target organ toxicity - single exposure (Globally Harmonized System):** no data available
4) **Specific target organ toxicity - repeated exposure (Globally Harmonized System):** no data available
5) **Additional Information**

- RTECS: Not available

12. Ecological Information

1) **Aquatic and terrestrial ecotoxicity:** Not available
2) **Persistence and degradability:** Not available
3) **Bioaccumulation potential:** Not available
4) **Mobility in soil:** Not available
5) **Other adverse effects:** Not available

13. Disposal considerations

1) **Appropriate Method of Disposal:** Waste must be disposed of in accordance with federal, state and local environmental control regulations
2) **Appropriate disposal containers:** No specific restrictions on waste container type

14. Transport information

Not classified as hazardous under transport regulations.

Not Restricted IATA.

15. Regulatory Information

1) **SARA 302 Components**

- SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

2) **SARA 313 Components**

- SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold

(De Minimis) reporting levels established by SARA Title III, Section 313.

3) **SARA 311/312 Hazards:** Chronic Health Hazard
4) **Massachusetts Right to Know Components:** No components are subject to the Massachusetts Right to Know Act.
5) **Pennsylvania Right to Know Components:** Revision Date
6) **New Jersey Right to Know Components:** Revision Date
7) **California Prop. 65 Component:** This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

16. Other Information

This MSDS refers to the Korea Industrial Safety Public Corporation Data. This document was written according to the article 41 of the Korean Industrial Safety Health Law. To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier nor any of its subsidiaries assume any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.

1) **Issue date :** 14-05-2025
2) **Revision date :** No data available.
3) **Version :** 1.0
