Fresh whole human blood in CPD - chilled overnight delivery

Product Ref.	450330
Product Size	400 mL
Collection Date and Time	31 May 2024 09:55 BST
Collection Batch	B16895
Catalogue No.	BLD1DC4CPD400-XSXX

Product Description:

Fresh whole human blood supplied in a blood bag containing CPD anticoagulant. Blood comes from a healthy donor aged between 18-66. Donors are screened and tested negative for HIV, Hepatitis B and C and Syphilis. The blood is stored and shipped under chilled conditions. The blood is shipped overnight to arrive the day after collection.

These products are for use in Biomedical Research only. They are not to be used for any form of human treatment, or for any purpose that is prohibited by law, including any use for human reproductive cloning.

This product is for Research Use Only and not for any diagnostic, therapeutic or human use.

The product originates from human tissue and may be contaminated with infectious agents. Whilst it has been tested with research grade tests, it should be handled with all appropriate biosafety precautions applicable to material of this type.

Donors give their consent for the use of their samples in biomedical research, (including commercial research) relating to the development and production of new medical treatments, medical services, medical tests, medical devices, biomedical research technologies, a wide range of research studies. Donor consent is given for DNA analysis and/or DNA extraction and/or any other form of genetic analysis and for animal research including xenografts.

It is your responsibility to ensure that you have necessary licensing and ethical approvals in place for the use and storage of any human tissue related material supplied by Research Donors Ltd.
